

# Meet Our Team

Don is the man. Why? Well, once you get to know him, you really won't need to ask.

Don spent 30 years downstate in the phone & communications industry. Then, after his 30<sup>th</sup> year he said "The hell with this!" and moved up to Alpena to join Diane at Family Enterprise.

Don likes to play golf and the guitar whenever he gets a chance, and you might catch him bowling every so often. He also has not one, not two, but **three** favorite NFL teams.

Don is our in-house Accounting Department and Jack of All Trades. If you have a question about your bill, think you could use his help or just want to chat about last night's game, hit him up at [don@familyenterpriseinc.com](mailto:don@familyenterpriseinc.com)
