

Meet Our Team

One thing is for sure, Diane's time is in high demand! That's because she's one of the founding mothers of Family Enterprise Inc.

What does she do here? You'd have better luck asking what she doesn't do: Take out the trash. End of list.

Diane can help you create artwork for your business, celebration or next amazing gift. She'll help you from step one in finding the best price and the best materials for the job!

If you catch her daydreaming, it's because after 19 years in the business, she's been thinking about a sunny vacation on the beach...but in the meantime you can contact her at diane@familyenterpriseinc.com
